Hazard	Who could be harmed and how?	Existing controls
 <p>3. Movement Of People In The Studio (Including Employees, Parents, Children And Young People) -The attendance of people in the setting will increase the number of people in the premises which may increase the risk of Covid-19 transmission.</p>	<p>All staff, Contractors, Members of the public</p> <p>Visitors, Children &amp; Young People, Parents</p> <p>How? Increased risk of transmission of Covid-19.</p>	<div style="display: flex; justify-content: space-between;"> <div style="width: 45%;">  <p><b>Information, Instruction and Training Provided To Employees</b></p> <p>Employees consulted on risks and controls in the work place.</p> <p>Staff communicated with on a regular basis on changes to hazards and controls.</p> <p>Employees receive instruction on studio hygiene.</p> </div> <div style="width: 45%;">  <p><b>Touch-based Devices Disabled Where Possible</b></p> <p>Brushes, pencils etc to be washed at end of every session.</p> </div> </div>  <p><b>Ventilation On Site Increased As Much As Possible.</b></p> <p>Windows and doors opened as much as possible to increase ventilation - where this does not increase any risks to the safety and security of the children.</p> <p>Use of extraction fans (where available) may be used to increase ventilation, where safe to use.</p> <p>Adjustments to be made to ensure as much ventilation remains in place without causing hazards such as mixing air with other offices, or causing doors to swing shut so quickly they could cause other accidents or alarm.</p> <p>Fire doors will not be propped open.</p> <p>Air Conditioning Sharing the same air with other offices will not be used.</p>

Hazard	Who could be harmed and how?	Existing controls
 <p>5. Individuals Displaying Symptoms - Infection can be spread through coughing, sneezing and just sitting in the same area as other people.</p>	<p>All staff, Contractors</p> <p>Visitors, Children &amp; Young People, Parents</p> <p>How? Ill health can mean time off work or time missed at school.</p>	 <p><b>Good Hand Washing/Hygiene Procedures Observed</b></p> <p>Staff should be carrying out regular hand washing for at least 20 seconds using soap and water or use of a sanitiser if this is not available.</p> <p>Students are directed and encouraged to wash their hands before entering the studio.</p>

## Further control measures

None required

## Operating procedures

Handwashing is mandatory for all staff and students before entering the studio.

Infrared temperature measuring may be used on entry if someone is looking or feeling ill.

Surface cleaning of all occupied art stations after an art session will be done.

Further mitigating actions include:

- Placing students back-to-back or side-to-side when working near a neighbouring table (thereby avoiding face to face interaction between students) if displaying symptoms.

If using face covering follow best practice.
